

# Embroidery Products

Personalize select products from our North Face collection with your organization's logo.

## Can I use my own logo?

Yes. Your organization's logo will be paired with the Podiumwear logo, as shown in the example. The Podiumwear logo is a standard part of every chest embroidery design.

## Where will the embroidery be placed?

The embroidery will appear on the right chest as worn.

## How large will the embroidery be?

The complete embroidered design - including your logo and the Podiumwear logo - will be approximately 3.5 inches wide.

## What embroidery colors are available?

We typically use white embroidery on black and other dark-colored garments, and black embroidery on white garments. If your logo includes multiple colors, we can incorporate color into the embroidered design.

## Is embroidery included in the product price?

Yes. The published price includes the standard right-chest embroidery. Embroidery can also be added to the back of the garment for an additional cost.

## Is there a minimum order?

Yes. There is a 10-garment minimum for embroidered products.

## Will I see the design before it is embroidered?

Yes. Our designer will create a mock-up for you to review and approve before your order moves into production.

Please note: Embroidery becomes a permanent part of the garment.
