# SOLUTIONS

We are here to help.

1

## CONCIERGE-LEVEL SUPPORT

We understand high school teams and their issues. Reid Lutter was a high school coach when he founded Podiumwear. His mission: to cure the headache of ordering custom team apparel. We got into this for YOU. Need us? Just call.

2

## MADE IN MN QUALITY

We hate to brag, but our stuff is good. We know it's good because WE MAKE IT - not some factory overseas. From sourcing the perfect fabrics to tugging that final stitch, each product is hand-crafted and tested to our highest standards.

3

## FREE DESIGN HELP

We know how important your design is to you and your athletes. We also know you're probably not a designer, right? No worries, we got this. After all, the whole point of custom is the one-of-a-kind design. Why would we charge extra for it?

4

## TEAM STOREFRONT

No more excel spreadsheets! This is gonna be simple. Our team storefront interface handles each athlete's order. Just send your team members a link and you're done! We can even ship to each athlete directly.

5

## PRODUCT & FIT GUIDANCE

The last thing we want is for you to get the wrong size or order the wrong product. It's not gonna happen. Why? Because we will help you. We also have fit kits to send you, videos for you to watch and detailed articles about measuring for the right fit.

6

## LOW OR NO MINIMUMS

We have a 5-piece minimum on new orders. After the first order there are NO minimums. For example, if a rider crashes and tears a jersey, you can re-order just one - really!

7

## EASY REPAIRS

If something goes wrong we will fix it - and fast. Just call us. We'll send you a shipping label so you can get it to us asap and we'll turn it around in no time.

# HOW TO ORDER

It's easy!

## CREATE AN ACCOUNT

Create your team account at Podiumwear.com.

## STOREFRONT ORDERS

Send a link to your team members then sit back, put your feet up and watch the orders come in.

## DELIVERY

We will deliver your order to the team manager. It's also possible to ship directly to each athlete.

1

2

## PRODUCT & FIT GUIDANCE

Our sales and design team will guide you through product and design decisions for your Team Storefront.

3

4

## PRODUCTION

Once your team storefront closes we will begin producing your order in our St. Paul facility.
