

THINGS TO KEEP IN MIND:

- All fonts must be flattened or sent with your design.
- Please avoid designing across seams as art elements will not match up.
- Our Podiumwear logos must remain on all garments.
- All logos and design elements must be vectors. If any element is not a vector it will have to be evaluated by one of our designers and could delay your order.
- Adding sponsor logos AFTER submitting your artwork will delay your order.
- We print using RGB values; if you have a pantone we will do our best to match it, but this could delay your order.
